

Introducing the Hilton Kuching. A regal legacy where the river runs through.

The Hilton Kuching was the first 5-star hotel in Sarawak's capital city, Kuching. It has claimed its spot on the historical city's delightful waterfront promenade, where the Sarawak river winds lazily through a sea of visual history.

A golden-domed mosque, a palace, preserved 19th century Chinese architecture, and Malay kampungs combine alluringly against a backdrop of distant mountains. Few cities in Malaysia display their charms with such effortless grace.
